--Called the Economic Development Council of Northeastern Pennsylvania and spoke with Robert Quinn about the Small Communities Program and about the Urban Development Action Grants program. Very friendly. He suggested that he & I & Charlotte meet and talk. Excellent. He is supposed to call me this afternoon and suggest a time for the meeting. I will then call Charlotte and see if the time is good for her. Quinn suggested that I call Campbell Price and talk with him about UDAAG grants -- the Helton at Lackawanna was done with a UDAAG grant, says Quinn.

Congressman McDade acknowledged ^{today} receiving my letter of January 11, 1984. Not letter is shown herebelow:

Dear Mr. Powell:

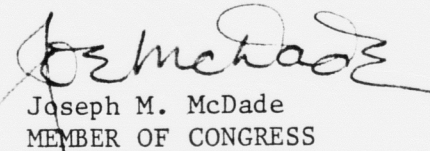

This is to acknowledge and thank you for your recent letter concerning the substation in Carbondale.

In an effort to be of assistance, I have followed up on the matter and contacted the appropriate officials here in Washington.

I expect to hear something definite before too long and as soon as I do I will notify you. It is my pleasure to help in any way I can and I appreciate your calling on me and giving me this opportunity to be of assistance.

With kindest regards.

Sincerely,

Joseph M. McDade
